### **KM Builders Named NARI 2011 Regional Contractor of the Year**

San Antonio, TX, January 31, 2011—The National Association of the Remodeling Industry (NARI) named KM Builders, in San Antonio, 2011 Regional Contractor of the Year (CotY) in two categories of its annual awards competition.

Since 1984, KM Builders has been delivering high quality, dependable service in remodeling and building projects in the San Antonio area. With a passion for providing product excellence, efficient scheduling, and unsurpassed customer service, owner, Keith Moehle still visits every project to ensure all of his clients have a rewarding experience. “At KM we believe the time and resources needed to achieve a successful remodeling project truly require a skilled team,” says Moehle. “We pride ourselves in making sure every client feels supported, guided, and confident before we start and during each step of the project.”

KM Builders was awarded the Contractor of the Year in the categories of “Residential Kitchen \$40,000 to \$80,000”, for a project completed in Leon Valley, and “Residential Addition \$100,000 to \$250,000”, for a project in Braun Station.

Contractors from seven regions around the country vie for CotY Awards on an annual basis, and all regional winners will now be eligible for the National CotY Awards. National winners will be honored at NARI’s Evening of Excellence<sup>SM</sup> on Saturday, April 2, 2011, at the Westin Jersey City Newport.

Competing projects were completed between July 1 of 2009 and November 30 of 2010 and were not submitted in prior NARI National contests. An impartial panel of Austin judges, who are experts within the industry and associated fields, selected winners based on each entrant’s binders, which include “before and after” photography and project descriptions. Judging focused on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty and entry presentation.

To be considered for a CotY Award, a company must be a NARI member in good standing. The entries making up this year’s competition totaled \$93 million in remodeling projects. NARI members represent an elite group of the approximately 800,000 companies and individuals in the U.S. identifying themselves as remodelers.

Homeowners are estimated to spend a total of \$133 billion on home improvements in the U.S. through second quarter of 2011 up from \$118 billion in second quarter 2010.
